Westward Trains are Superior to Trains of the Same Class in Opposite Direction.

WESTWOOD-SUSANVILLE SERVICE

Leave Westwood 12:00 Noon.
Arrive Susanville 2:00 P.M.

Leave Susanville 2:30 P.M.
Arrive Westwood 5:30 P.M.

135.7 1.2 Westwood

Fredonia and Wheaton will probably be temporary spurs, but it is expected some business will offer at each of those places as soon as we commence service. Bunnel, Goumax, Westwood Junction and Facht will be passing tracks which may not be fully constructed immediately, but the Red River Lumber Company will probably make shipments from each of them. Conman is at the foot of the grade between that point and Westwood. All the stations on the list will be rated for the present at least, as class "A" freight stations.

No. 192 is Superior to No. 197 Laws to Keeler.

Westward Trains are Superior to Trains of the Same Class in Opposite Direction.

San Francisco, Dec. 8, 1913.

Mr. G. W. Luce:-
Mr. C. S. Fee:-

Looking forward to the extension of the Fernley-Lassen Branch beyond Susanville, and in order that you may undertake the preliminary work connected with preparation of tariffs etc. I submit the following list of stations and distances:

Distance from Fernley	Stations
106.3	Susanville
	7.0
113.3	Fredonia
	1.2
114.5	Bunnel
	4.7
119.2	Goumaz
	2.5
121.7	Wheaton
	2.8
124.5	Westwood Junction
	6.5
131.0	Facht
	3.5
134.5	Conman
	1.2
135.7	Westwood

Fredonia and Wheaton will probably be temporary spurs, but it is expected some business will offer at each of those places as soon as we commence service. Bunnel, Goumax, Westwood Junction and Facht will be passing tracks which may not be fully constructed immediately, but the Red River Lumber Company will probably make shipments from each of them. Conman is at the foot of the grade between that point and Westwood. All the stations on the list will be rated for the present at least, as class "A" freight stations.

(Signed) J. M. Davis
